If you have more than 100 members

- Go to the next page of your roster
- Select all of the names on that page
- Go back to the sheet
- Select the **first open cell** in column A
- Right-click and Paste
- Repeat as needed

Once all of the names have been added to the sheet

- Click on "**A**" at the top of the column to select it
- Right-click anywhere over the selected column
- Scroll down the menu that opens up
- Click View more column actions
- Click Remove link
